

SP6682: FAQ

Part Number: SP6682

Date: Sept19-06

Question:

Does Sipex offer a replacement part for the LT3486?

Answer:

Sipex does not offer a replacement part for the LT3486. This part is a dual 1.3A boost LED driver. We do offer a single boost -- the SP6682 driver. See Design Solution #11, [SP6682HV Boost from Li-ion input to 9 White LEDs output at 20mA](#)
